

MOBILE NETWORK
INNOVATION SUMMIT

Join the conversation
make connections

4-5 NOV 2025

IET London

Bringing together innovators and investors with operators and major vendors

Changing the conversation around mobile network technology innovation, this event will identify the innovation hotspots in the industry, the companies behind it, and the money that is driving it.

THE SUMMIT WILL ANSWER THESE 3 QUESTIONS...

**WHERE IS THE
INNOVATION IN THE
MOBILE NETWORK?**

**WHO ARE THE
INNOVATORS?**

**WHAT IS THE VALUE
OF THE INNOVATION?**

INNOVATION HOT TOPICS

AI & network automation
6G & Next-Gen access
Quantum communications
Energy efficiency
Materials science
Silicon innovation
